Pest Control Answering Service Vendor Scorecard

Use this sheet to ask every answering-service provider the same 25 questions, record the evidence behind each answer and score them the same way.

Created by Callvix Solutions. It can be used to evaluate Callvix or any other provider. Designed for operators evaluating booking-capable call support; it compares providers against your own needs and is not a certification of any answering service.

VENDOR NAME _____ **REVIEWER** _____

DATE _____ **PROPOSED PLAN / PRICE** _____

How to use this scorecard

1. Use one copy per provider, and the same intended call types and coverage needs for every provider.
2. Ask all 25 questions. Ask for a direct answer, an example and, where possible, a live demonstration.
3. Tick Clear, Partial or Unclear for each answer and note the evidence you were shown.
4. Check the four “Do not proceed until resolved” conditions, then score the five categories from 0 to 2 and compare totals.

Answer key. Clear: a direct answer backed by an example, document or demonstration. Partial: answered, but vague or not yet verified. Unclear: no answer, or the provider could not explain it.

The 25 questions

Part 1 · Caller experience and brand representation

#	Question	Answer	Notes and evidence
1	Will calls be answered in our company name?	☐ Clear ☐ Partial ☐ Unclear	
2	Who actually answers the call?	☐ Clear ☐ Partial ☐ Unclear	
3	How are agents trained on pest control conversations?	☐ Clear ☐ Partial ☐ Unclear	
4	Can the handler adapt when the caller goes off script?	☐ Clear ☐ Partial ☐ Unclear	
Part 1 tally	**Clear** ____ **Partial** ____ **Unclear** ____		

Part 2 · Qualification and intake accuracy

#	Question	Answer	Notes and evidence
5	What information is collected on every new inquiry?	☐ Clear ☐ Partial ☐ Unclear	
6	How is the service area checked?	☐ Clear ☐ Partial ☐ Unclear	
7	How does the service distinguish a new lead from an existing customer?	☐ Clear ☐ Partial ☐ Unclear	
8	How are unclear pest descriptions handled?	☐ Clear ☐ Partial ☐ Unclear	
Part 2 tally	**Clear ____**	**Partial ____**	**Unclear ____**

Part 3 · Booking rules and schedule control

#	Question	Answer	Notes and evidence
9	Can the service book directly into our calendar or CRM?	☐ Clear ☐ Partial ☐ Unclear	
10	Which services may be booked without office approval?	☐ Clear ☐ Partial ☐ Unclear	
11	How are technician skills, territories and drive time respected?	☐ Clear ☐ Partial ☐ Unclear	
12	What can the handler say about price?	☐ Clear ☐ Partial ☐ Unclear	
13	How are cancellations, reschedules and recurring-service calls handled?	☐ Clear ☐ Partial ☐ Unclear	
Part 3 tally	**Clear ____**	**Partial ____**	**Unclear ____**

Part 4 · Urgency, safety and escalation

#	Question	Answer	Notes and evidence
14	What counts as urgent—and who decides?	☐ Clear ☐ Partial ☐ Unclear	
15	What are agents prohibited from promising?	☐ Clear ☐ Partial ☐ Unclear	
16	How is the on-call person reached?	☐ Clear ☐ Partial ☐ Unclear	
17	What happens after hours, on weekends and during holidays?	☐ Clear ☐ Partial ☐ Unclear	
Part 4 tally	**Clear ____**	**Partial ____**	**Unclear ____**

Part 5 · Technology, access and handoffs

#	Question	Answer	Notes and evidence
18	Which systems can the provider work in?	☐ Clear ☐ Partial ☐ Unclear	
19	What access will the service require?	☐ Clear ☐ Partial ☐ Unclear	
20	What does the office or technician receive after each call?	☐ Clear ☐ Partial ☐ Unclear	
21	How are system outages handled?	☐ Clear ☐ Partial ☐ Unclear	
Part 5 tally	**Clear ____**	**Partial ____**	**Unclear ____**

Part 6 · Quality control and accountability

#	Question	Answer	Notes and evidence
22	Can we review call recordings, summaries and outcomes?	☐ Clear ☐ Partial ☐ Unclear	
23	How is quality measured and corrected?	☐ Clear ☐ Partial ☐ Unclear	
24	Which reports will we receive?	☐ Clear ☐ Partial ☐ Unclear	
Part 6 tally	**Clear ____ Partial ____ Unclear ____**		

Part 7 · Pricing and contract terms

#	Question	Answer	Notes and evidence
25	What will a realistic busy-season month cost?	☐ Clear ☐ Partial ☐ Unclear	
Part 7 tally	**Clear ____ Partial ____ Unclear ____**		

All parts Clear ____ Partial ____ Unclear ____ (of 25)

Additional notes

Score the five categories

Do not proceed until resolved, whatever the total. Tick any that apply:

- ☐ No clear control over who can access your systems, or how that access is revoked
- ☐ Agents allowed to make unsafe promises, or to promise outcomes and prices outside your rules
- ☐ Urgent calls with no named owner for the escalation
- ☐ No clear total price for a realistic busy-season month

Using your notes on the questions listed under each category, circle a score from 0 to 2.

Category	0 points	1 point	2 points	Score
Pest-control readiness Parts 1–2 · Q1–8	Generic or unclear	Some relevant experience	Documented pest-specific workflow	(0) (1) (2)
Booking control Part 3 · Q9–13	Takes messages only	Limited booking	Books by your written rules	(0) (1) (2)
Escalation Part 4 · Q14–17	Ad hoc	Basic escalation	Tested, multi-step escalation plan	(0) (1) (2)
Visibility Parts 5–6 · Q18–24	Minimal reporting	Summaries or recordings	Calls, outcomes and QA are reviewable	(0) (1) (2)
Pricing clarity Part 7 · Q25	Vague or incomplete	Most charges explained	Complete busy-season cost example	(0) (1) (2)

Total ____ / 10

How to use the total: use it to structure the comparison, not to certify a provider. A low score in any category is a question to resolve in writing; a high total is a reason to run a controlled test, not proof the provider is ready.

The total is a comparison aid, not a guarantee of service quality. The score is a screening tool, not a substitute for a pilot. A provider should still prove it can follow your actual rules on real or simulated calls.
